

COMPANY OVERVIEW

ATCSOL provides a range of specialized technology, logistics, and infrastructure services designed to support critical operations in aviation, defense, and government sectors. The company offers air traffic control system design, integration, and technical support, along with IT infrastructure, cybersecurity, and system administration services. ATCSOL supplies aviation materials, spare parts, and provides software and hardware development, testing, and maintenance. Additional capabilities include small-scale airport construction, aerospace logistics, technical staffing, and program management. Each project is supported with tailored solutions that ensure operational reliability, efficiency, and mission success.

NAICS CODES

Primary NAICS: 423860 - Transportation Equipment and Supplies (Except Motor Vehicle) Merchant Wholesalers

Secondary NAICS: 314999, 334111, 334511, 334519, 335312, 336320, 336411, 336412, 336413, 423120, 423410, 423420, 423430, 423440, 423490, 423690, 423830, 423840, 423990, 424110, 424120, 424610, 424690, 425120, 441227, 444230, 449210, 455110, 481219, 488119, 488190, 493110, 493190, 518210, 541511, 541512, 541513, 541519, 541611, 541612, 541613, 541614, 541618, 541690, 541850, 811210

PAST PERFORMANCE

Brazilian Aeronautical Commission in Washington CONTRACTING OF A SPECIALIZED COMPANY for the acquisition of Air Traffic Control (ATC) equipment to support the implementation of the Advanced Air Traffic Information Management and Operational Reports System (SAGITARIO) at the Northeast Approach Control Center (APP-NE), for the complete modernization of the SAGITARIO systems at the Belo Horizonte (APP-BH) and São Paulo (APP-SP) Approach Control Centers, and for the partial hardware modernization of the SAGITARIO systems at the Recife (ACC-RE) and Curitiba (ACC-CW) Area Control Centers, in accordance with the guidelines established by the Brazilian Department of Airspace Control (DECEA), under which the Brazilian Federal Government, through the Brazilian Aeronautical Commission in Washington, enters into an agreement with ATC Solutions Tech, LLC.

- **Contract ID:** 012/CABW/2024
- **Start Date:** 07/01/24
- **End Date:** 03/10/25
- **Value:** \$1,449,420

Brazilian Aeronautical Commission in Washington
More 59 RDPM (Remote Display Processor Module) am the contract.

- **Contract ID:** 012/CABW/2024
- **Start Date:** 06/02/25
- **End Date:** 09/30/25
- **Value:** \$359,310

CERTIFICATIONS

- NIST SP 800-171 Controls Implemented
- CMMC 1 Level

CORE COMPETENCIES

- Aviation Materials & Spare Parts Supply
- Air Traffic Control (ATC) Systems Design, Integration & Support
- IT Services: Infrastructure, Cybersecurity & System Administration
- Software & Hardware Development, Testing & Maintenance
- Airport Infrastructure & Small Construction Projects
- Defense & Aerospace Logistics Support Program &
- Project Management for Government Contracts
- Technical Staffing & Mission-Critical Workforce Solutions

DIFFERENTIATORS

ATCSOL brings over 20 years of experience supporting mission-critical aerospace and defense programs, with expertise in air traffic control systems and military aircraft parts supply. The company maintains strong partnerships across multiple industries, enabling the delivery of integrated solutions that combine IT, logistics, and infrastructure support. With rapid response capabilities, custom software development, and deployable technical teams, ATCSOL is positioned to meet full lifecycle project requirements, including operations near major military installations.
